CITIZEN COMMENTS

Ms. Amendola noted that six residents have signed up to speak regarding the church on Belvidere Street. She noted, everyone certainly will be given the opportunity to address Council and will be given 3 minutes.

Brad Crouse, 40 Belvidere Street, he is concerned the church will become a blighted property on the street. He stated at one time the church was an asset to the Community and those living along Belvidere, however, he is concerned about the future. He suggested it may be a good opportunity for the Borough to take control of it, and to take advantage of this parcel and property, to repurpose it for something the entire Community may be able to utilize.

Phyllis Barber, 17 Belvidere Street, echoed Mr. Crouse's sentiments as well as many of the other neighbors. She noted that she does not have a garage or driveway, there is significant street traffic on Belvidere, concerned about the Community and maintaining the neighborhood.

Pat Siegfried, 38 Belvidere Street, she noted that since the Church has been gone for about a year, there has been quite a change in the neighborhood. When the Church was active, there was a day care inside, and a lot of good activity. She wants to encourage young people to move into Crafton by offering certain amenities, by developing the church property, these amenities could be presented.

Scott Recalde, 49 Belvidere Street, he noted the Church has been broken into on several occasions. He stated the property is slowly falling apart. A piece of the roof fell off and landed on his fence. He believes if the Borough and the residents put their heads together, an amicable solution could be possible.

Robert Wolbert, 1 E. Steuben Street, he is interested in purchasing the entire property (church, parking lot and house). He has been in contact with the realtor on the property. He noted there is a church from Heidelberg that was interested in possibly opening a remote church on the property, he understands that deal is still in the works. The Methodist Council would like to sell all of the property together and maintain it as a church. Mr. Wolbert stated if the property is sold separately, the church will definitely become blighted. He stated that the Methodist Council will donate the Church to the Borough, at no cost. He is before Council, as an interested party in the parking lot and house. His intention is to build a single family ranch style home on the parking lot parcel and rent out the existing house. He is asking Council if they would be willing to take over the church property, which has an assessed value of over two million dollars.

Ms. Amendola thanked Mr. Wolbert for his inquiry and the other residents for bringing the matter to Council's attention, however, Council will not be speaking on the matter this evening.

Eric Valcheff, 78 Belvidere Street, noted that he too has an offer in on the property. He wanted to address the other church interested in the property. He stated it is a congregation of approximately 100 persons, they are very active, but will not be able to sustain the expense of operating the church. The estimated cost for heating alone is approximately \$10,000 a month, not including the other repairs necessary to the property. He wants to eliminate rental properties in the Community, he would like to see increased home ownership and property values. Mr. Valcheff wants Council to be aware of the existing property, he wants the Methodist Church to do their part in the Community. He wants the conversation to start.

ADJOURNMENT

MOTION: It was moved and seconded (*F. Amendola/Levasseur*) to adjourn the meeting at 7:45 pm.

MOTION #5 was carried by a Unanimous Voice Vote (6-0).

Respectfully submitted,
