CITIZENS PRESENT TO ADDRESS COUNCIL

Ken Arbuckle, 59 Maplewood – Noted a Culvert issue at his property and a damaged guide rail issue Letter provided to Council describing these problems – matter was deferred to Public Works and Manager to review.

Steve Palchowski – Reported no Friday night Movies in the Park until August 30th; taking the next two weeks off.

David W. LaSota, John Street – Request that the Borough does not act on vacating the portion of John Street for various reasons, such as: Is a public access, stairs for public use and weeds, etc. cut back by Public Works, public safety reasons, it is a utility right-of-way, would create a non-conforming lot size for an R-1 District, permanent improvements have been installed into the paper street (asphalted area) and Borough plows snow into that right-of-way area during snow plowing/maintenance of John Street. He provided written statements from many persons that use this as a public access.

SOLICITOR'S REPORT

Solicitor Daley reviewed his opinion on the John Street matter. History: April 15, 2013, letter from

Suchma's Attorney advising of intent to file a complaint with the Courts to enforce borough ordinances. June 13, 2013, Suchma's Attorney correspondence petitioning for a vacation of the paper street portion of John Street; requesting Borough hearing to vacate the street. July 9, 2013, Solicitor Daley correspondence to Suchma Attorney, advising that the paper street has never been accepted, maintained, etc. or used for public purpose. Borough's position that there are no Borough of Crafton or Public rights to vacate, and paper street is subject to the private rights of others owning lots where the paper street is laid out. Further, Borough's position that a hearing is not necessary in this matter; Borough asserts no right in and to the paper street. Suchma Attorney follow up to the July 9th letter, requesting the Borough adopt a resolution setting forth the language in the July 9th letter. Again, the Borough has taken the position that it has no right to the paper street, and therefore, cannot vacate same; and not act at all on the request to vacate the street.

PRESIDENT'S REPORT

President Weitzel reported that work will begin soon at the elementary school. Manager Callen is scheduling a meeting with the school Superintendent to review the tax lien matter on 37 White Avenue and discounted rates for permits being that they are a public entity.

Mayor Bloom – Reported that the speed hump sign is missing on Backbone at one location, and both speed humps need painted yellow. Mr. Johnston inquired on the fix of the sinkhole on Noble; Manager Callen reported that a temporary fix was done; filled it in with gravel and paved over it. Mr. Johnston expressed concerns that this needs further attention; cause and permanent fix. Mr. Johnston also inquired on the status of Verizon street repair/West Crafton Avenue cracked section; Director Beechey advised that Verizon is suppose to repair that area this week.
